

## NERVOUS TROUBLE CAUSES WELL KNOWN GERMAN TO SUICIDE TODAY.

Joseph Manger of Uniontown Hangs Himself in Room Over Dyeing Establishment.

**HAD SUFFERED SOME TIME** Burgess Evans Has Not Vetted Sign Ordinance

Special to The Courier.  
UNIONTOWN, Aug. 11.—Joseph Manger, aged 48, one of the more prominent Germans in Fayette county, committed suicide this morning in an upper room of his dyeing establishment in the rear of his home on Church street. Dejectedly over nervous trouble was the cause.

Mrs. Barbara Manger, his wife, is prostrated with grief over her husband's rash act and her condition is serious. She discovered his dead body about 10:30 this morning.

Yesterday Manger complained more than usual and told his wife he thought he would "end it all." "Thoughtless," she asked, "Well, why don't you?" and the incident was forgotten.

This morning Manger arose at the usual time but put on his best clothes. He went into the dyeing establishment, at the rear of the pretty Church street home. Mrs. Manger went to the dyeing room about 10:30 but found no one there. Going upstairs she saw her husband lying face downward on the floor. A broken eighth-inch rope was suspended from the ceiling, a few feet above, while a chair was overturned. The rope and chair told the gruesome story. With a scream, Mrs. Manger fainted. She fell across the dead body of her husband and was in this position when found by Jacob Hornebeck, a neighbor. Drs. Huntington and Lakin were summoned but Manger was beyond mortal aid. Mrs. Manger is in a serious condition. Deputy Coroner Evans was summoned and viewed the remains.

## Police Crusade on Auto Speeders at Uniontown

Special to The Courier.  
UNIONTOWN, Aug. 11.—The effect of the police crusade against auto speeding is beginning to show results. Three numbers were taken yesterday afternoon and arrests will be made today. James A. Childs of Conneltsville, was going past on Main street, when Officer Edgar Neuman got a glimpse of the tag, No. 21769. Sheriff F. Furry was also making good time on this street, with license No. 1269. The car of John R. E. Umbel, with A. E. McCabe driving, was exceeding the speed limit on Lawn avenue, his number being 26247. All have been notified to appear at the police station.

Pat Boyle was acting in a disorderly manner by cursing, fighting and resisting arrest. He was landed in the cage by Officers Howe and Chit, after a hard tussle. Before Burgess R. S. McCune, this morning, he admitted his guilt and was fined \$5, but he took 15 hours. Boyle said he had no home.

James Teel was arrested by Chief of Police McCarty last evening at his home where he was raising a disturbance. No one appeared against him today and he was held.

Albert Horn, William Abbott, Edwin Russell, John Murphy, William Zimmerman, Ben Cary and Harry Marks were all in for drunkenness and each drew 24 hours.

**Experts Fail to Identify the Crippen Victim**

United Press Telegram.  
LONDON, Aug. 11.—A statement was issued to the press associations by the authorities this morning saying that after five hours examination of the evidence submitted to the coroner in the Crippen murder, experts decided that the body was that of a woman, and that she underwent an operation before death.

The experts were unable to determine the identity of the woman and it is generally believed that it will be impossible to establish the identity of the body found in the Crippen house, unless the accused doctor confesses.

**Smith Drowned in River.**  
FAYETTE CITY, Pa., Aug. 11.—While washing his hands in the Monongahela river from a large Charles Smith, aged 23, superintendent of the Monongahela River Consolidated Coal & Coke Company's fleet at Tipton mine, near here, lost his balance and fell into the river and was drowned last midnight.

## BARN SET ON FIRE FROM LIGHTNING.

D. C. Trout of Mt. Pleasant Loses Season's Crops.

**HIS LOSS WILL BE \$4,000**

Luckily All the Stock Except Two Spring Calves Had Been Turned Out to Pasture—Fire Department From Standard Responded.

Special to The Courier.  
MT. PLEASANT, Aug. 11.—The large barn of E. G. Trout, located one and a half miles north of town, was struck by lightning at 9 o'clock last night, starting a fierce electric storm and before help could arrive the building was covered with flames. It burned to the ground, entailing a loss of nearly \$4,000.

The barn, located at Standard No. 2, is 15x180 feet in dimension and was completely filled with all of the year's crops. Mr. Trout said that during the storm he had been sitting downstairs in his home and saw a very brilliant flash of lightning and almost instantly a very heavy crash. He quickly went to his door and looked out at his barn. A minute later he was horrified upon seeing flames and smoke issuing from the far corner of the building. He ran for aid, neighbors responded and the alarm was sent to the fire company. A half hour later when the Standard No. 2 fire department arrived the fire was beyond control. The building was filled with hay and other inflammable stuff was not long in going up in smoke. The firemen fought the fire until 10 o'clock during which time the rain poured down and the sky was lit up by an electrical display. The fire did not burn out until 2 o'clock this morning. Hundreds of people from this place and vicinity witnessed the fire.

Two spring calves perished in the flames. Luckily all of the horses and cows had been turned out to pasture. The building contained 15 tons of hay, the crops from six acres of wheat, three acres of rye, six wagons of oats, 1,000 pounds of fence wire, 25 bushels of oats, 2 sets of timbonyes, several tons of old straw, three wagons, harness, hay bales and several pieces of valuable farm machinery.

Mr. Trout and \$1,000 insurance with the Mendon Grange Fire Insurance Company, while his loss will reach \$4,000. Mr. Trout expressed his heartfelt appreciation to all of his neighbors and the Standard fire company which responded so promptly to his call for aid.

**Work Starts in September.**  
Work is to start on the Waynesburg & Blacksville electric railway early in September.

## ATTORNEY ALLEGED EMBEZZLER

Warrant is Issued for C. D. Clark, Well Known Uniontown Lawyer—Outcome of Coal Deal.

Special to The Courier.  
UNIONTOWN, Aug. 11.—An information charging embezzlement has been sworn against Attorney C. D. Clark, one of the prominent lawyers of the Fayette county bar, and the warrant is in the hands of Constable Hugh McCune for service. Up to noon today Clark had not been arrested although the information was made Tuesday night and the warrant turned over to the Constable Wednesday morning.

E. W. Trader made the information against Clark, which alleges that he appropriated \$21,000 out of \$41,000 in his care. The coal land was in Doddridge county, West Virginia. It was taken up by two attorneys under the usual options. The coal was then sold in the neighborhood of 50 Fayette counties investing.

Irregularities were discovered and it was then that Clark is said to have used every effort to effect an amicable settlement. In this he succeeded very well until an attachment was made on the coal for his own personal debts. When this happened the information was made.

The half-hearted purchasers contracted towards paying off the loan and interest on the land. It was then learned that these payments were not being settled regularly and an investigation disclosed that \$12,000 in interest, with three years' interest, re-

## DOCTORS RETICENT; FRIENDS WORRIED.

Physicians Will Not Say That Mayor Gaynor is Out of Danger.

**NO SIGN OF INFECTION YET**

Bulletins Are Optimistic But There is Fear Information is Being Withheld—Dr. Stewart Says Patient is Cheerful Today.

United Press Telegram.  
NEW YORK, Aug. 11.—At eight o'clock this morning the physicians attending Mayor Wm. J. Gaynor issued a bulletin saying: "The Mayor's temperature is 100.1-1.5; his respiration is 17. The Mayor passed a good night. He slept well, though he had a few wakeful intervals caused by nervousness. He is now sleeping."

Despite the optimistic character of the bulletin the doctors refuse to make positive predictions either that the Mayor is out of danger or that he will recover. Their reticence is worrying friends of the Mayor. They fear that the physicians are withholding something, that the Mayor's condition is not as good as the doctors indicate. The physicians on the other hand declare that they are keeping nothing from the public.

Dr. George E. Stewart after attending the Mayor last night left the hospital at 9 o'clock this morning. He said "I dressed the Mayor's wound this morning and it looked healthy with no indication of infection. The Mayor responds cheerfully and the situation is encouraging."

Secretary Adamson saw the Mayor after breakfast and he says he is cheerful. Adamson says the Mayor has evidenced no curiosity regarding his assailant since he was taken to the hospital. He has not been informed that the man who shot him was Gallagher. After the shooting Mayor Gaynor asked who did it, but he was not told.

The Mayor's brother, Thomas Gaynor, went to Baltimore today on a business trip. "The doctors say the Mayor is doing fine," he told the newspaper men, "and that I could safely go away for a few days." Hundreds of ministers and church workers today sent telegrams saying they are praying for the Mayor's complete recovery.

It is learned this afternoon that there is grave discussion among Mayor Gaynor's physicians. Dr. Stewart, the surgeon in charge, opposed an operation to remove the bullet and insists that the patient's physical condition is such that an operation would be a serious matter.

Others claim the bullet must be removed or infection will follow. A general consultation will be held tonight.

## Guards Redouble Vigilance About President Taft

BEVERLY, Mass., Aug. 11.—Since the shooting of Mayor Gaynor President Taft's guards have redoubled their vigilance. They declare the publication of such an outrage serves as a further incentive to criminals and the President becomes a shining mark for an eccentric or lunatic.

A guard in view on the steps of President Taft's automobile with others following in an equally high powered machine. They are equipped with .41 caliber revolvers and have orders to shoot first and ask questions later.

## Girl Murders God-Father Who Outrages Her

United Press Telegram.  
PITTSBURGH, Aug. 11.—Charles H. Holt, aged 13, today is alleged to have hit Pasquale Bolpe, aged 19, over the head with an axe. Bolpe died shortly, having been nearly decapitated. The girl went to the home of an Italian policeman, took him to the scene and told her story.

"I killed Pasquale, who is my god-father, because of what he has done to me," she said.

## WRECKS AUTOMOBILE TO SAVE BARKING DOGS FROM INJURY.

Clark Chisholm of Uniontown Has Bad Smashup on the Pinnacle This Morning.

**Peacemaker is Knocked Out, Then Arrested**

David Dick attempted to play the peacemaker in the Hanes family yesterday and got decidedly the worst of it. Hanes had left his wife and accumulated a handsome sum when Dick attempted to take him home to make up. Hanes resented this friendly interference and as the two reached Church place, near Arch street, Hanes called into Dick. It took but a short time to put the peacemaker hors du combat, but the outcome would have been more serious but for the timely interference of James McGinn. McGinn came to Dick's rescue as Hanes flourished a razor over the prostrate form and started to do some carving.

Officers Rull and McCullough arrived on the scene and arrested Hanes. Dick was put to bed and taken to the lockup later in the city bus. He was in bad shape as a result of the scrap. Both men paid fines of \$3 before Burgess Evans at the hearing last evening.

**MISS JULIA BATTON INJURED**

Dogs Were Barking at Pedler's Wagon and Chisholm Attempted to Pass on Other Side—Main Street Too Narrow and Telegraph Pole in Way

A big car driven by Clark Chisholm of Uniontown had a collision on the Pinnacle this morning which might have resulted seriously. While trying to avoid two dogs barking at a pedler's wagon, Chisholm swerved the machine to one side, intending to pass the wagon. The space was not sufficient and the machine crashed into a telegraph pole in front of Baer's store. The wind shield was shattered and the car put out of commission for the time being. Besides Mr. Chisholm, two ladies were in the car. One was slightly cut by flying glass from the wind shield.

The accident occurred through the efforts of Chisholm to avoid running down the dogs. There was plenty of clearance room on the other side of the wagon but rather than injure or kill the canines, Chisholm took a chance on passing on the other side.

A small boy standing near the telegraph pole had a narrow escape from injury. The party had a miraculous escape. Miss Julia Batton was the only occupant of the car who was injured but the others were severely shaken up. Miss Batton had both hips cut, a gash on her neck and two cuts on one arm. She also had one tooth knocked out. The car was so badly damaged that it will have to be sent to the factory for repairs. The machine is owned by Daniel Chisholm. Mrs. Daniel Chisholm, Miss Batton and Clark Chisholm were in the car at the time. The party was on its way to Scotland at the time.

**Tomaso Mancuso Sues B. Samuels for Trespassing**

The trespass and damage suit instituted by Tomaso Mancuso against Bird Samuel and his wife, Mary Samuels and May Woodruff, all colored, took up the entire morning before Squire H. P. Clark. Mancuso resided at 101 South Conneltsville and had a garden and pasture thereon. He claimed the defendants ignored the signs warning persons against trespassing.

The defense contended that others cut across the lot without interference and were not prosecuted. Negligence disputes were aired during the testimony of the many witnesses.

Attorney F. D. Munson appeared for the prosecutor and Attorney H. George May for the defense. After hearing the evidence Squire Clark placed the costs on the defendants. He warned them against crossing the lot in the future and also directed the prosecutor to get after any others that so offend.

## REUNION OF THE MILLER FAMILY.

Despite the Threatening Weather Yesterday There Was a Big and Happy Crowd at Killarney.

Killarney park was the scene of another large reunion yesterday when the Miller family held its annual reunion. Despite the threatening weather or fully 1,000 members and friends of the family from Westmoreland and Fayette counties and more distant points were present. A special train of five cars on the Indian Creek railroad made two trips to the pretty resort in order to accommodate the large crowds. Had the weather been more favorable the attendance would have been much larger. Nothing had been overlooked in the way of looking after the comfort and entertainment of the guests and the day passed off in a most delightful manner.

The Miller family is one of the most widely known in this section and many members of the family reside in the mountain districts. It was one of the greatest events ever held in that section and all relatives from far and near looked forward to the great family gathering with eager anticipation. The crowd was one of the happiest to assemble at Killarney park this summer and all entered into the various amusements with great delight.

A feature of the day was the elaborate dinner served shortly after 1 o'clock. There were enough provisions to feed as many more persons had they been present. The younger folks present indulged in various amusements while the older persons

# Le Blanc Flies at Express Speed In Aeroplane Defying Violent Storm.

United Press Telegram.  
MEZIERES, France, Aug. 11.—Averaging 50 miles an hour Le Blanc today flew from Nancy to Metz and is still landing in the great French cross country flight by aeroplane. Today was the third day's flight. The total distance from Paris and return is 483 miles. The aviator making the flight in the best elapsed time will win a \$20,000 cash prize. Other prizes amounting to \$30,000 are offered.

Today Le Blanc made a part of his flight through a violent storm and was driven somewhat out of his course. His flying in the three days has been marvellous. In neither of them has he made a stop between stations and the time made has averaged close to 60 miles an hour.

# CARTER BACKS UP GORE'S STORY.

Says Hamon Asked Him to  
Silence Accusing  
Senator.

# STAR WITNESS AT HEARING

Oklahoma Congressman Also Testifies  
That Indian Lobbyists Told Him He  
Had 5 Per Cent Interest in McMurray Contracts.

McAlester, Okla., Aug. 11.—Representative Charles Carter was the star witness in the Gore-McMurray inquiry. His testimony to some extent went to uphold some portions of Gore's story.

Congressman Carter testified that Senator Gore told him about John Hamon's efforts to bribe him soon after it was said to have occurred. Carter also told of Hamon coming to see him and asking him to see if he could silence Gore.

Congressman Carter also testified that Dick Adams, the Delaware Indian lobbyist, told him that he had an interest of 5 per cent in the McMurray contracts, contingent on their being approved. He said that Adams had further stated that there were some people interested in the contracts who would get them through. When pressed to name them, according to Carter, Adams said:

"Well, one is John McGuire, he will get his share."  
Rev. J. M. Godfrey, an inter-married citizen, testified that he had secured about 600 contracts for McMurray and that in many communities the Indians came to him without solicitation and begged to be allowed to sign a contract, as they were very anxious for a settlement.

# TEXAS DEMOCRATS IN QUEER TANGLE.

J. B. COLQUITT

AUSTIN, Tex., Aug. 11.—The most remarkable political situation in the history of the Democratic party in Texas exists since the result of the recent primaries was made known. O. B. Colquitt, the victor in the primary battle, was named through the activity of the anti-Prohibitionists, while a majority of the delegates chosen to the State convention are in favor of prohibition. The question of the platform on this subject makes the situation quite interesting, for the people have voted in favor of Mr. Colquitt, making the action of the State convention delegates almost mandatory. He cannot possibly endorse or run on a platform endorsing prohibition, and yet that is just what the delegates promised to do. It is a situation such as never before has arisen in Texas politics. Developments of a startling nature are not only possible, but, in the opinion of many well informed and close observing people, they are highly probable. Of course some pessimists who are equal to the momentous occasion may arise and quiet the threatening disturbance before it gets to the point of a volcanic outbreak, but at this time there seems to be little chance of any peaceful solution of the problem.

# DEATHS.

Henry Wilson.  
Henry Wilson, a well known citizen of Parkersburg, W. Va., while employed as a mine motorman in the mines of the Struthers Coal & Coke Company, met a serious accident on August 9th while attending his duties. With all possible haste he was hurried to the Uniontown hospital where an operation was performed in the hope of saving his life. He died at 10 o'clock on August 11th.

His remains were taken in charge of Undertaker J. R. Peltz of Dunbar and prepared for burial and later moved to his home. The funeral will take place Saturday, August 13, at 10 P. M. from his late residence at Parkersburg. He was 35 years of age and will convey the funeral party to Dunbar, arriving at McGee's Crossing about 10 o'clock. Rev. J. S. Miner of Dunbar will have charge of the funeral services. All persons desiring to attend the interment can be conveyed in the funeral car. The interment will leave the undertaking establishment of J. R. Peltz at 3:15 P. M. sharp. Mr. Wilson was a very capable and highly respected man. He was always a busy and hard working man.

## Outing Day of The K. of P. at Rockwood

Upwards of 5,000 people, conserva-  
tively estimated, will attend the an-  
nual outing of Somerset county  
Knights of Pythias at Rockwood on  
Thursday, August 25. Most encon-  
ouraging reports have been received from  
Pythian lodges at Meyersdale, Salis-  
bury, Garrettsville, Berlin, Som-  
erset, Adirondack, Windber, Friendsville  
and Hyndman, which together pro-  
cess a record breaking attendance.

The program for the annual outing at  
Rockwood has been completed and pro-  
vide a brimful day's enjoy-  
ment for the more than 1,000 knights  
and their numerous friends.

Among the special features of the  
outing celebration will be a mammoth  
street parade at 10:30 A. M., in which  
ten lodges and five bands of music will  
participate. The Third Battalion,  
Pennsylvania Uniform Rank, Knights  
of Pythias, will make a conspicuous  
showing in the procession. Prominent  
county and State orators of the frater-  
nity will be present and deliver ad-  
dresses suitable to the occasion.

A game of baseball between teams se-  
lected from several lodges of the  
county, band concerts throughout the  
day, and competitive drills by Uni-  
form Ranks of the various lodges, are  
other scheduled attractions for Outing  
Day at Rockwood. Special railroad  
rates have been secured. A cordial  
invitation is extended to the public.

## FIFTY-FOUR ACCUSED OF RIOT.

Export Miners and Women Arrested;  
Strikers Hold Parade.

GREENSBURG, Aug. 11.—(Spe-  
cial.)—Miners from the various points  
in the strike zone marched yesterday  
through here to South Greensburg  
near the mines of the Keystone Coal  
Company. State Police were in the  
vicinity and no demonstration was at-  
tempted. Many leaders left for Indi-  
anapolis, Ind., today and will appeal to  
the union officials.

Sheriff John Sheldahl has made in-  
formation against 54 men and women of  
Export. Arrests were made and  
many of the accused, mostly women,  
gave \$500 bail.

## "In the Shadow of the Chair."

A man who was tried for his life  
has written a powerful story of which  
the above is the title. Only two men  
living know who wrote it, so carefully  
has the author concealed his identity,  
and yet in telling of his terrible or-  
deal he gives a picture so vivid that  
one feels he has held back nothing.  
It is a wonderful story and you should  
not fail to read it in the beautiful  
monthly magazine which is free with  
The Dispatch Dispatch Sunday, Aug.  
11. The stories in this handsome  
magazine are all by the best writers  
of the day. Some of the other good  
ones are: "The Discovers," by Mabel  
Herbert Brown; "The Discoverer," by  
Charles Belmont Davis; "Cinderella  
of the Stage Door," by Grace Sarr-  
well Mason; "Johnny McDonald, the  
Two of Him," by Dave Kings; "The  
Man in Black" is the title of a strong  
serial, the first installment of which  
will be in the regular edition of the  
paper. You will like the magazine.  
It's free, but to be sure of getting it  
leave your order with the newsdealer  
early for The Dispatch of August 11.

## Will Be Racing Today.

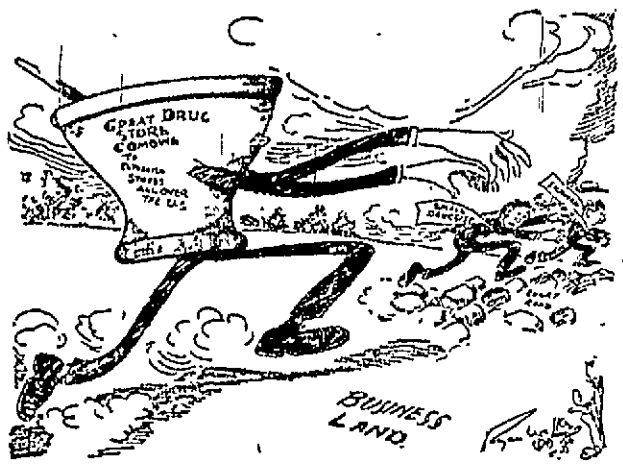

Announcement was made this  
morning at Dawson that racing will  
be resumed at the Dawson track this  
afternoon. The program scheduled  
for Wednesday will be put on today.  
The races will continue the balance of  
this week, each day's program being  
moved up a day owing to the post-  
ponement yesterday.

## James Spriggs' Funeral.

The funeral of James Spriggs took  
place this afternoon at 2:30 o'clock  
from the Mt. Zion Baptist church in  
the West Side. Rev. R. D. Epps, the  
pastor, officiated. Interment in Hill  
Grove cemetery.

## Least Populated Districts Seeking The New Postal Savings Banks.

In a statement of August 6th the  
United States Treasury tabulates the  
applications of postmasters for postal  
savings bank facilities, by States. It  
is interesting to notice that while  
Pennsylvania has 31 out of 390 appli-  
cants, the large demand is for States  
west of the Mississippi. In fact, Ohio  
is the only other State on this side of  
the river which makes any extensive  
demand for the new facilities. It is  
fair to say, however, that Pennsylv-  
ania and Ohio between them have  
15% of the applicants.

The six New England States show  
applications of 4.4% of the total,  
which is probably not surprising when  
it is remembered how well they are  
furnished with savings bank facilities  
already. It is the least populated,  
rather than the most, which seem to  
seek the security of the Federal Gov-  
ernment, as Oklahoma puts in 11 ap-  
plications while all New York will be  
contented with eight. In five States  
and the District of Columbia the post-  
masters have made no application at  
all. Among these the western States  
are Arizona, Idaho and Nevada; and  
no one will be surprised to hear that  
Delaware and Rhode Island feel they  
can handle their own affairs without  
recourse to government aid.

In the applications of postmasters  
for such savings bank facilities Min-  
nesota leads with 10% of the total.  
The strength of the demand in the  
casualty or permanently injured mid-  
dle west is a feature, as Ohio is third  
on the list of applications, Illinois  
fifth and Iowa well up.

There is most interesting informa-  
tion to be derived from the applica-

of banks willing to hold deposits se-  
cured in the manner required by law.  
These are in the ratio of 2.31 to one  
of the applications of local postoffices.  
Pennsylvania is easily first with near-  
ly one-ninth of the total. It is notice-  
able that the banking applications  
upon the whole tend to be heavier in  
the East, indicating of course larger  
resources and consequently greater  
facilities for handling the postoffice  
business.

Commenting on the application of  
postmasters for the establishment of  
postal savings banks at their offices  
the Wall Street Journal says:

It is part of our national vitality  
that we are willing to take chances.  
We may conclude that the average  
third or fourth class postmaster knows  
no more than the average legislator  
about the possibilities of the plan,  
even if it would be hardly possible for  
him to know less. We are willing to  
experiment and take chances. The suc-  
cessful bankers must know that it will  
be virtually impossible to keep the money  
deposited with them in the particular  
district if the demand outside offers a  
greater return. They are speculating  
on the possibility of a large amount of  
money coming out of private hands  
representing the savings of people who  
will not trust a private institution but  
will place their faith in the safety and  
capacity of some vague entity  
which they call "Government."

There may be some truth in this.  
No one can tell, but our per capita cir-  
culation would seem to indicate that  
more money is actually deposited and  
invested than we can possibly need in  
our business. The experiment may  
prove costly and dangerous, but it is  
at least interesting. It will proba-  
bly teach the people who approve of postal  
savings banks and the people who dis-  
approve a great deal they never knew  
before.

## A Reunion of the King Family Is Scheduled for McCoy's Springs.

Special to The Courier.  
OWENSDALE, Aug. 11.—There will  
be a big reunion of the King family at  
McCoy's Springs, just outside of the  
borough limits of Connelville Satur-  
day, August 20, in which the house of  
King will meet in a big reunion for  
the first time in the history of that  
historic family. Reunions of this fam-  
ily have been held annually for years  
at which immediate relatives in Wes-  
tern Pennsylvania were present, but  
this will be the first time the family  
has ever attempted a reunion on a  
large scale and from all the present  
outlook it will be one of the largest  
family gatherings held in this part of  
the State.

The oldest member of the King fam-  
ily has almost reached the century  
mark, and, indeed, bids fair to reach  
that goal ahead of the Grim Reaper.  
The reunion will be made conspicuous  
by the representation of five or six  
generations of the family. At the last  
reunion, which was held at the home  
of Nathaniel King four, four genera-  
tions were represented, the youngest  
but a month old and the oldest 91  
years.

The King family is scattered  
throughout almost every State in the  
union and a big attempt is being made  
to have as many as possible of these  
attend the coming reunion and from  
all expectations there will be a big  
attendance of the family present, di-  
rectly or indirectly related. To this  
end the committee in charge of at-  
tending to the reunion has been ap-  
pointed, and the secretary of the Depart-  
ment of Agriculture at Harrisburg, and a  
former Senator from Pennsylvania, is a  
direct member of this family and a  
second cousin to Nathaniel King. An  
effort is being made to have him at-  
tend.

Nearly every male member of the  
older generation of the King family  
has served time under the stars and  
stripes against the stars and bars and  
after the war scattered all over the  
United States. The stronghold of this  
family is in Somerset county where a  
large majority of the family now re-  
side. This reunion will bring scores  
of aged veterans together who fought  
under Grant and other valorous men  
in the war of the rebellion.

Nathaniel King, of this place, served  
three years with Company D, Sev-  
enty-seventh Regiment, Pennsylvania  
Volunteers. He was mustered in at  
Chambersburg, August 30, 1862, and  
received his discharge June 10, 1865.  
He had the index finger of his right  
hand shot off at the battle of Liberty  
Gap, Tenn. He participated in the  
battles of Pittsburg Landing, Shiloh,  
Chickamauga, Nashville and 22 other  
battles besides numerous minor en-  
gagements. Members of this family

## CLEAN PERFORMANCE.

Is Given by Robbins' Circus Booked in  
Connellsville.

Frank A. Robbins' Circus gave two  
good, clean performances at Phillips-  
burg, Pa., Thursday, both of which  
were well patronized notwithstanding  
the downpour of rain during part of  
the afternoon and evening. The show  
has been meeting with much success  
everywhere, and probably for the re-  
ason that it is largely on the order of  
the old time circus pure and simple.  
There is no "wild west" or "far east,"  
but instead there are many of the pop-  
ular features that have made shows  
famous in the past.

A rattling good band enlivens the  
performance with catchy and appro-  
priate music. The founder and con-  
ductor of the show is said to be the son  
of an Indiana county physician, and ran  
away from home with a wagon show  
when he was a bit of a boy. Thirty  
years ago he started out with his own  
show and has been on the job ever  
since. This show will exhibit in  
Connellsville, Monday, August 22.

A Lawn Fete.  
A lawn fete and ice cream social  
will be held on the church lawn at  
East Liberty Saturday evening, Aug-  
ust 13, proceeds for the benefit of the  
church. Ice cream, cake and sand-  
wiches of all kinds, pop and all other  
delicacies of the season will be served  
by the ladies. All are cordially in-  
vited to come and enjoy an evening  
with the ladies.

Mace & Co. whose aggressive methods and prestige of eight years of extraordinary business success (the knowledge of which is a proverb in mercantile circles)—whose integrity and reliability is equivalent to the mark of "Sterling" Silver, is going out of business. Every available inch of space is crammed with summer and early fall shipments (that could not be cancelled in time), the brands of which are synonymous with the best produced in America. And particularly now, under instructions of Mace & Co., to close out regardless of former prices, the Saville Salvage Co. will commence what is undoubtedly the largest sale they have ever conducted in the twenty-five years of their history, extending to every man, woman and child in Fayette and adjoining counties an opportunity unequalled in remarkable and legitimate savings. For we tell you here, boldly and frankly, without fear of contradiction, that your utmost expectations will be surpassed; that in many instances 20c, 30c and 40c will have the full purchasing power of a dollar, and that our end and aim is to dispose of every dollar's worth of goods embraced in the three mammoth floors of Fayette county's biggest and best known department store. We are making extraordinary preparations to handle the large crowds and we pray you to be patient as the doors will be closed at intervals to properly take care of the tide of buyers and to see that they are carefully waited on. A greatly augmented sales force will do the very best under the circumstances. And in conclusion, Mace & Co. authorize us to say that your money will be refunded without question or cavil, that the prices listed on this circular and on the goods at the store are absolutely less than you have ever paid before. This is, without doubt, the fullest and most liberal guarantee ever made by a standard house and one that protects you in every way. You will find good-bye prices on the green tags—not on five, or ten, or twenty articles, but on every article in every one of the various big departments.

## GAYNOR MEETS CRISIS TODAY.

Some Development in His  
Condition Expected  
to Show.

### PASSES COMFORTABLE NIGHT

Surgeons Watch For Appearance of  
Dread Sepsis—Mayor Has Not  
Yet Asked Who Did the Shooting.  
Assailant Says He's Sorry.

New York, Aug. 11.—The physicians who have been constantly in attendance upon Mayor Gaynor in St. Mary's hospital in Hoboken since an hour after he was shot in the neck by James J. Gallagher on the deck of the Kaiser Wilhelm der Grosse, have noted nothing but improvement in their patient's condition.

So favorable was his case that the surgeons decided not to attempt an operation for the removal of the split bullet that has lodged in the mayor's neck.

Through Robert Adamson, the mayor's secretary, the specialists gave to the newspaper men an unofficial view of the present status of Mayor Gaynor's case and of the existing plan of procedure which had been adopted by the physicians, predicated as it is upon the continued favorable progress of the patient.

No Probing For Bullet Yet.

"We have ascertained that the bullet fragments do not lie among any of the major vessels," said the physicians' statement. "It is not necessary to get it out now while the wound is still sore, because it would be a useless irritation and it would not be the mayor's strength unnecessarily. Unless complications arise the removal of the bullet will not be attempted for the present."

The physicians also stated frankly just what dangers still had to be guarded against. There are two contingencies which might bring about a serious relapse in the mayor's condition. The first of these is septicemia due to infection of the wound; if no trace of this complication appears within forty-eight hours after the time the wound was inflicted the physicians may reasonably dismiss the fear of blood poisoning from their minds.

The second factor that would weigh heavily against the mayor's chances of recovery if it should appear is the weakening and the breaking of an artery with the consequent hemorrhage. There is a possibility that one or the other sections of the bullet might have grazed an artery, tearing the wall slightly but enough to cause a break under any strain of physical effort or through the sloughing of the blood clot over the abrasure. This rupture of an artery might occur at any time during the next ten days or two weeks and it would come without a minute's warning.

Crisis Expected Today.

Under these circumstances it was generally conceded by all the physicians attending the mayor that something in the nature of a crisis must come today. If it passes without any indications of irritation in the wound the doctors will believe that they have Mayor Gaynor fairly on the road to recovery.

Along with these developments in the mayor's condition came a startling conjunction of circumstances which attracted the attention of all who were following the developments hour by hour at St. Mary's hospital. While the whole world knows, Mayor Gaynor is the only one who does not know that James J. Gallagher was the man who fired the shot.

Those who came from the sick room said that aside from the mayor's first query, "Who did it?" which was asked immediately after the shooting, while he was being led to his sick room on the Kaiser Wilhelm the mayor has shown absolutely no curiosity on the subject. In the absence of any manifest desire on the part of Mayor Gaynor to learn this fact nobody has told him.

Gallagher Sorry He Shot.

As for Gallagher, over night reflection in the Hudson county jail seems to have tempered his sullen defiance of Tuesday, for he retracted the statement he had made immediately after the shooting in which he gloried and justified his deed. He said he was sorry that he had shot Mayor Gaynor and that he hoped the mayor's life would be spared. But this obsequy led him to qualify even this exhibition of contrition.

"I am sorry I shot Gaynor, but I feel no remorse," said Gallagher. "I had to do it as a lesson to the country—to teach high officials to regard the rights of their subordinates."

The only complaint the mayor had to make about his night when he awoke was that the heat bothered him. He said that he did not have enough air in his room and that for a time the nurses had to fan him. But that was a very minor discomfort, the mayor hastened to add. He was moved into a larger room.

He seemed ready and anxious to talk. He asked Secretary Adamson all about who of his official family had stayed at the hospital over night, what accommodations they had and how did they sleep. He wanted to know where Mrs. Gaynor had slept and whether

## MAYOR GAYNOR PLANNED TO TAKE VACATION IN EUROPE, UNACCOMPANIED BY HIS FAMILY.

NEW YORK, Aug. 11.—When Mayor Gaynor was shot he had just taken the day of the week. It was the plan of the mayor to take his youngest son with him to Europe, but this was abandoned, and the young man was to remain with the other members of the mayor's large family on this side of the ocean. The large group shows Mayor Gaynor and two of his younger daughters. The small picture is that of Mrs. Gaynor and an elder daughter.

or not her accommodations had been comfortable. Then he ate a breakfast of chicken broth and begged to be allowed a slice of bacon of which he is very fond.

One of the visitors to the sick bed was Thomas L. Gaynor, Mayor Gaynor's older brother from Springfield, O. Thomas hurried up to the hospital in a taxicab just as he was, all travel obtained from a night in a sleeper. He had caught the first train for the east after hearing of the assault.

Although it was too early for any of Mayor Gaynor's family and his physicians to make even tentative plans as to his convalescence, Secretary Adamson said that the mayor had referred several times to the plan to make recently to spend his vacation in the Adirondacks. It was possible, said the secretary, that if Mayor Gaynor continued to improve he will spend the period of his convalescence in the Adirondack camp as soon as the physicians give him leave to go there.

### TO AWAIT COURSE.

The indictment of Gallagher will not be hastened.

New York, Aug. 11.—No steps will be taken by the Hudson county grand jury to indict James J. Gallagher for the shooting of Mayor Gaynor until the physicians have settled for a certainty upon the probable outcome of the mayor's wound.

This was determined upon at an extended conference between Assistant Prosecutor James J. McCarthy of Hudson county, who is representing Prosecutor Garvin in the conduct of the case; Acting Mayor John Purroy Mitchell, Corporation Counsel Watson and Tax Commissioner White of New York.

Mr. McCarthy had announced his intention of laying the matter before the grand jury today. At the suggestion of Mr. Mitchell, however, it was decided to postpone the investigation until it is known whether or not the mayor will survive his wound. When this is known McCarthy promised that he would lay the matter before the grand jury within twenty-four hours. He also promised that nothing would be spared to make conviction as prompt and punishment as drastic and far reaching as possible.

Flags Train to Save Boy's Life.

Pittsburg, Aug. 11.—Within a few hundred feet of where a boy was held prisoner by his feet slipping between a rail and a boardwalk at the Pennsylvania railroad, a fast freight was flagged while the parents of the boy cut his shoe to pieces to release him. Efforts to pull the boy from his perilous position failed and as the whistle of a fast freight bound for New York was heard the watchman at the crossing ran westward and flagged the train.

## AIRSHIP FALLS ON SPECTATORS.

Brookins Loses Control and  
Machine Drops 50  
Feet.

### MANY PERSONS ARE INJURED

Youthful Aviator, Who Holds Record  
For Altitude in Aeroplane, Dragged  
From Wreck in Unconscious Con-  
dition, But Will Recover.

Asbury Park, N. J., Aug. 11.—Walter A. Brookins, the youthful pilot of the Wrights, who on July 9 climbed to the record height of 6,375 feet at Atlantic City then coasted safely to earth with his power shut off, crashed to earth during the first hour of the opening of the ten-day aviation meet here.

This is the first time since aviation began to draw big crowds of onlookers that an aeroplane has tumbled down on the spectators.

Seven persons besides Brookins were injured. One seventeen-year-old boy named George Burnett of Springfield was crushed beneath the framework of the lower part of the main planes of the machine and had his skull fractured and his hip broken. He was removed to the Long Branch hospital. The boy probably will die.

Brookins was thought to be dead as he was dragged out of the wreck. While being carried into the hospital tent a few feet away, however, the aviator asked weakly, "How did it happen?"

Brookins Badly Bruised.

The doctors say that a superficial examination shows that Brookins has a broken nose, a severely lacerated head and face, his eyes are closed and he has general bruises about the body. The doctors do not expect fatal results from his fall.

Brookins says that his fall was due to efforts he was making while descending to avoid a crowd of camera men and other spectators grouped on the aviation field a few feet in front of the north end of the uncovered grand stand, which at this point was packed with spectators.

As if a short puff of wind had hit the lower surface of the highest edge of the main plane the machine momentarily stood on edge in mid-air and then it headed straight downward and crumpled into a crumpling head of wreckage.

Had the aeroplane fallen ten feet farther back in its flight it would have undoubtedly crashed upon the crowded grand stand and crushed many men, women and children who a few moments before were cheering the aviator.

Aviator Heim Tumbles 250 Feet.

Berlin, Aug. 11.—Oscar Heim, a German aviator, who was competing in flying contests at Johannisthal, fell a distance of 250 feet and was badly injured that he is expected to die. He was driving a Wright biplane when it suddenly somersaulted. The machine turned completely over four times in its descent. Heim was taken from the wreckage alive but unconscious.

Tragedy Occurs at State Institution For Feeble Minded at Polk, Pa.

Franklin, Pa., Aug. 11.—"Edith" Green, aged fifteen years, committed from Butler county to the state institution for feeble minded at Polk, was killed there by Frank Ebert, an inmate from Fayette county.

A watchman found the dead boy and his slayer in a lavatory. An iron pipe was used by Ebert, who is irresponsible, being unable even to talk. This is the first tragedy of the kind that has occurred at Polk since the institution was founded fourteen years ago.

Casey Won't Stand For Office.

Wilkes-Barre, Pa., Aug. 11.—John J. Casey of this city has made a statement which is taken by politicians here to mean that he has refused to accept the Keystone party nomination for secretary of internal affairs.
